

Flagler Habitat/Hammock Dunes -House for Yolanda

NO WORK MONDAY OCTOBER 7TH

Again a great work day last Monday. The siding and fascia/soffit were completely installed. A 10 minute downpour didn't dampen the effort. This week and next plumbing, wiring, air-conditioning, roofing and dry-wall will be installed by professionals. Hopefully it will be completed before Monday the 14th. If it is complete, we will paint the inside walls on the 14th. This is where we need the ladies help along with the men for the ceilings. With a crew of 20 we should have the primer and top-coat done by 1 pm. The Waughman's are bringing their grill to provide lunch. Should be a fun day! Update late next week to confirm all professional work is completed and we can paint on the 14th. If not, we will reschedule to the 21st. **AMAZING** Five work days! We have dried in Yolanda's house. Thanks to all and Tom for the lunch.
