

## HDOA Website Property Search Feature

The Hammock Dunes Owners' Association will soon be adding a searchable property listings database to its website ([www.hammockdunes.com](http://www.hammockdunes.com)). This database will be managed directly by the agents who have Hammock Dunes listings, and instructions have already been sent to them regarding how they can enter their listings into this database.

The listings in this new feature can include high quality images, property descriptions, Google Maps information, floor plans, and more. Once all interested agents have the opportunity to participate, this property search feature will "go live" by adding a link to it on the HDOA's website.

If you currently have a Hammock Dunes property for sale, you may want to contact your agent and encourage him or her to take advantage of this opportunity to gain additional exposure for your listing. If your agent is not yet aware of this new feature, a request for usage instructions should be sent to [concierge@hammockdunes.com](mailto:concierge@hammockdunes.com). You can also use this feature directly yourself if you are selling your own property by requesting information at this same email address.

**Thank you!**

**Hammock Dunes Owners' Association**
